VEDA Temple Priests

In this calendar, we provided auspicious times for various activities like starting business, buying various things, joining new jobs, matrimonial, births, closing deals and various day to day activities. It is always advised to consult your family priest or astrologer for muhūrthas for the above and important samskāras like weddings, upanayanam, sīmantam etc or you can avail our services by calling us at phone numbers or email listed above. Since rāhukālam is not observed in several traditions and is not counted as a dosha in astrology, we haven't considered rāhukālam for auspicious (excellent and average timings) in this calendar. Hence we advise you to watch for rāhukālam timings if you are particular about that.

Panchānga (Almanac) Calendar – 2013

Panchāngam: Panchāngam provides five basic elements of astrology, *Tithi* (lunar day or time taken by moon to move 12 degrees), *vaara* (a day from sunrise to sunrise), Nakshtra (the Zodiac constellation in which the moon is found on particular day), *yoga* (half-day) and *karana* (angle between sun & moon). These are the main aspects calculated according to the Solar, Lunar and the Earth positions. These five elements play an important role in calculating the muhurthas (auspicious days) for any Hindu rituals. There are *three* prevalent methods of calculation for Panchāngam used in different parts of India. *Souramanam* (Solar calendar - prevalent in Kerala and Tamilnadu), *Chandramanam* (lunar Calendar - prevalent in Andhra, Karnataka, Maharashtra, and other states of North India), *Baarithaspatyamaana* (Jupiterian calendar -which is said to be prevalent in North India).

Panchāngam in India and US: The lunar movements calculate Tithi and Nakshtra, the main angas of Panchāngam. When one Tithi or Nakshatram begins and ends, it happens at the same instance all over the world, which is called the *Universal time*. Based on the time zones, the Tithi and Nakshatram will begin/end at different local timings in different parts of the world. Since India has a little variation in terms of sunrise/sunset, Panchāngam computed for one area of the country is generally applicable to the other parts of the country as well. But when it comes to other parts of the world, same universal time should be translated into the corresponding local time in terms of the longitude and latitude. As North America's PST is 13 ½ hours past Indian Standard Time, it is not appropriate to use the calendar, prepared for Indian local time. Keeping these aspects in mind, our astrologers and scholars prepared Panchāngam calculated for our local time, i.e. PST & PDT. In the current Calendar we have put all efforts to provide as many details as possible. For further details like Muhurthas, please consult our scholars, personally or through email. Daily use of this calendar helps everyone to understand and monitor the prevailing planetary forces of the day. Accuracy of the above mentioned Panchāngam attributes depending upon Moon's motion are more crucial for the reliability of Panchāngam. Because Moon is the fastest among all the heavenly entities shown in traditional Panchāngas, Tithi, Nakshatra, Rasi, Yoga, and Karana depend on Moon's motion. There are three popular meanings of the term Panchāngam. Vedic astrology meaning is "five attributes" of the day. The five attributes are:

- Tithi:** Ending Moment (EM) of elongation of the Moon, the lunar day, the angular relationship between Sun and Moon (True Moon minus True Sun). One Tithi equals 12 degree difference between Moon and Sun.
- Nakshatra:** EM of asterism of the day, that is, the stellar mansion in which Moon is located for an observer on Earth. One Nakshatra equals 13 degrees: 20 minutes. There are 27 Nakshatra in 360 degrees.
- Yoga:** EM of the angular relationship between Sun and Moon (True Moon plus True Sun). One Yoga equals 13 degrees:20 minutes. There are 27 Yogas in 360 degrees.
- Karana:** EM of half of a Tithi. One Karana equals 6 degree difference between Moon and Sun.
- Rasi:** The zodiac signs or rasi - EM of the sidereal sign of the zodiac for the Moon.

Tithi: The tithi is the longitude of the Moon minus that of the Sun. First tithi (Prathama) begins when tithi is 0° and ends when it is 12°; 12° to 24° is dvitiya, 24° to 36° is Tritiya etc. 168° to 180° is Poornima, 180° to 192° is Dark fortnight Prathama 192° to 204° is Dvitiya.etc. 348° to 360° is Amāvāsyā. So, there are 30 tithis -15 are called Suddha (Shukla) Paksha (Bright fortnight or waxing phase) the other 15 Bahula (Krishna) Paksha (Dark fortnight or waning phase). The tithi of a day is usually taken to be the tithi current at sunrise on that day. Since the moment of the sunrise is not the same at all places it is to be noted that occasionally a tithi current at sunrise at one place may not be current at sunrise at another place. It is also possible for a particular tithi to be current at sunrise on two successive days. So when two successive days have the same tithi associated with them, the 1st day is called Tridina. It is also likely that a tithi may begin after sunrise and end before the next sunrise. In such a case a tithi is skipped over and that day is called AVAMA. The concept of good timing is provided by this calendar and one can take advantage of auspicious moments by avoiding when the creative forces of this planetary system are on the wane.

A Message from the Founder, Chairman and Chief Priest of VEDA

At the very beginning, I would like to extend my heartfelt and prosperous wishes for the New Year 2013 ahead to all the devotees of VEDA, in the bay area as well as from all parts of the country. I sincerely pray to the LORD to bless all of you with health, wealth and prosperity on this occasion of New Year and also forever. I am happy to inform that the Milpitas City has approved all needed permits for Garbha Gudi. As of January 2013, we started the work of Garbha Gudi construction and the work is expected to finish by the end of April 2013. We plan to perform Kumbhabhishekam and install all deities in the month of May. I would like to let you know in advance that all Vighraha sponsors are advised to be available for three days program during the vighraha pratishta.

I recognize that Sri Satyanarayana Swamy Devasthanam – VEDA – has grown from its humble beginning 7 years ago at a leased accommodation to this permanent location in Milpitas entirely due to the constant, continuous support & patronage from all the devotees of the LORD. As all of you know, within the very short span of time after we moved to this permanent location for Lord Satyanarayana Swamy, we had the opportunity to arrange and host many discourses, musical events and other programs by eminent Scholars, Artists and Spiritual Leaders at the Devasthanam whenever they visit the bay area. Since last year, the temple has become a great platform to local artists, like dancing, singing, language learning, spiritual classes, yoga classes, meditation classes, and many local organizations. Lord Satyanarayana Swamy's blessings will always be there with local organizations like Silicon Andhra, BATA, Tamil Manram, Kannada Kuta, Bay Area Vasavi Foundation (Sakhi), etc. In addition, we have been conducting Vedam classes on every Wednesday evening at 8pm from several years. From last year, we also started a new Durga Saptasati class on every Tuesday at 8.30pm. All of these events and temple activities were going on very successfully and will continue similarly in future because of great support and patronage from all the Devotees like you. Hard work, commitment and dedication shown by the temple president with the support from executive committee and working committee members and many volunteers have been instrumental in developing the temple and helping it grow day by day.

This calendar provides vital and important details like Tithi, Varam, Nakshatram, Varjyam, Rahukalam & Durmuhurtam required for us in our daily life and for observing our rituals as well. In addition, we also provided auspicious days and timings like excellent and average. These details have been prepared to suit the Geographical Coordinates of the San Francisco Bay area. Devotees while looking for an auspicious time are advised to omit any applicable Rahukalam, Varjyam and Durmuhurtham for that day.

While thanking all the devotees for all their unwavering effort and generous support extended so far for this noble cause, I would also request and sincerely pray that all the devotees will extend similar support for all our future projects such as GARBHA GUDI construction and PRANA PRATISHTHA. Also, the current VEDA priests Jagadish Sharma, Nagendra Sharma, Sivarama Sharma and Mrutyunjaya Sharma are instrumental in temple's success with their knowledge, excellent work, co-operation and coordination. At the end, I would request you to please let me know by email if you see any mistakes or omissions in this calendar. We will make all efforts to communicate the corrections to all the Devotees.

A Message from the VEDA Temple President

Dear Devotees,

On behalf of VEDIC EDUCATION & DEVOTIONAL ACADEMY executive and working committee, I wish you and your families:

“A HAPPY AND PROSPEROUS NEW YEAR 2013”

As you all know, our temple is entering its fourth year at the current location. I would like to thank all the devotees for their dedication and support in managing our religious institution that preserves and promotes our cultural and spiritual heritage. Everything our temple was able to accomplish was because of your generous donations and the hard work.

The temple has made significant progress this past year, and we have many more plans for the upcoming year. Last year we have initiated temple, “GARBHAGUDI” construction. We worked successfully to raise large funds and submitted the plan for approvals in the city of Milpitas and all required permits got approved and we are in the process of starting the construction.

So far many devotees made donations to sponsor the idols of the deities, flooring, bricks, and building fund; we thank you all for contributing for this divine cause. We expect that the construction will be completed in 2013, and we are also planning for: “VIGRAHA PRANA PRATHISTA”. We estimate that the temple construction would take up to \$800K and we have raised donations, so far, up to \$400K. However, we need your generous contributions to complete the construction.

Please come forward and help the temple complete the “GARBHAGUDI” by donating to this extraordinary undertaking.

As for the religious services, we have added three new priests to our temple, and they all are dedicated and spirited people who perform religious activities with great devotion. At VEDA, we seek to deliver the highest quality services to our devotees. Devotees are utilizing temple premises and our priests’ services for all of their Hindu rituals. Similarly on a cultural aspect, we are promoting many bay area cultural organizations to utilize our temple premises for traditional dances, music, yoga and other cultural related activities.

Let us join hands in developing “Sri Rama Satyanarayana Swamy Temple”. GOD BLESS ALL

Yours Sincerely,

P.S.K. Jagadeesh Chandra Babu

Preface for the Calendar 2013

Transitions, better viewed as sandhyas (union of the old times with the new) are always significant - dawn, dusk, noon (Abhijit Lagnam), birth, marriage, and of course the happy New Year - before and after. Every sandhya is an opportunity to leave any bad behind and start afresh with new hope, new resolutions, and new enthusiasm. It is an opportunity to forget and forgive. Imagine if we lived forever with all the memories intact! Birth is God's refresh cycle and is therefore the most important Sandhya. In between the births are innumerable sandhyas, the little opportunities for rebirth, such as the New Year, to help rejuvenate and refresh. This New Year, let us all resolve with all our conviction to pursue the four goals of truth, knowledge, eternity, and the divine and not get bogged down by the infinitesimal distractions in the pursuit. When we pursue the eternity, the material discomforts indeed appear to be infinitesimal in the huge manifestation of the divine.

The temple is organizing many events and programs for our benefit, to preserve the established values, which embody ages old wisdom. Reciting the Vishnu Sahasranama during the Abhijit Lagnam – also a sandhya, at noon on Sundays is one such event. The sahasranama or the thousand names of God are representative of the elusively eternal nature of God. The Vedas and Upanishads have conclusively determined that God cannot completely be captured in words. But words can be used as a stepping-stone to understand the nature of the divine. Sri. Marepalli Naga Venkata Sastry garu, founder of the temple says that it takes 10 years to study one single Veda. The sahasranama, which can be recited in 30 minutes or less, imbibes the most important aspects of the divine described in these Vedas. It is our earnest hope that the devotees will take advantage of these programs.

God says in The Bhagavadgita, “Kalo'smi – I am Time.” So, time is not just money but God Himself. This calendar is a service to “time,” the God. What can be a better source of the calendar, than the temple itself? We all know God through the temple. This calendar is an attempt to know the time as well through the temple. Auspicious timings, occasions, temple activities and such can be easily found in the calendar, even by a person who is not very conversant with the almanac (also known as the ‘panchangam’). It is earnestly hoped that the calendar becomes part of your everyday life.

Wishing you a very Happy and Prosperous New Year 2013 and happiness always,
With every best wish,

Vishnu Pendyala

Humble Devotee of VEDA Temple

A Brief Prologue

Om Namo Bhagavate Vasudevaya
Om Namo Bhagavate Rudraya

Just like the basic needs of food, shelter and clothing, the emotional and spiritual needs of person have to be met for a happy, balanced and healthy living, prayer and meditation help us in this direction.

Temple is a place of tranquility and provides peace of mind and happiness when we visit and pray to God. It helps us to get over unhappiness. This is what Sri Satyanarayana Swamy Devasthanam under auspices of the Vedic Education and Devotional Academy (VEDA) is doing to help scores of Californians with arrangements for archanas, abhishekams to Sri Satyanarayana Swamy and Rama Devi, Uma Maheshwara, Panchamukha Anjaneya, the Navagrahas and the Vinayaka to mention a few, and to conduct the satyanarayana vratams on every Poornima, and Rudrabhishekams every Monday. This is in addition to the grand scale celebrations of Dasera Navarathrulu and the like, year after year.

Another important activity of the temple is to publish annually, the almanac/calendar with calculations for the panchangas, including thithi, vara, nakshthra, as also the varjyam, durmuhurtam and rahukalam along with other details which are important in our daily lives. These are indicated for easy understanding for the common man with Pacific Time zone and is a quick and useful reference guide. We are ever thankful to the chief editor and astrologer Brahma Sri Marepalli Naga Venkata Sastri Garu for his valuable time and effort.

The labor of the honorary members of the Executive Committee, to increase and improve the amenities for the devotees, to facilitate their visit, in order to meditate and to think of the Almighty and thus gain peace of mind, is laudable.

This Devasthanam is a unique center of cultural renaissance besides providing learning opportunities to the devotees and the interested. The weekly classes teach Sanskrit, Vedas and Vedic Chantings. This is in addition to the meticulously well-organized religious discourses and lectures by eminent visiting gurus and learned speakers throughout the year which are providing immense learning opportunity for the interested individuals to promote their religious fervor. The concerts by reputed musicians, both local and visiting, are a feast for the music loving devotees and others. We are all grateful for the enthusiastic, relentless and untiring efforts of the volunteers.

The temple's metamorphic growth from the very humble beginnings on the 10th Street, San Jose in a rental premises to the present stature owes it to the vision, dedication, direction, devotion and discipline of Bramha Sri Marpaalli Naga Venkata Sastri garu and his team of associates and the devotees without which it would be impossible. A kalyana mantapam for performing marriages and the like and a library will be a great step forward, benefiting the Devotees of San Francisco Bay Area. I request that this humble suggestion be given a serious consideration by the Devotees and the Philanthropists.

FEBRUARY

Sun	Mon	Tue	Wed	Thu	Fri	Sat
Significance of Śrī Rudram - Meaning of Anuvāka 1: The first anuvāka may be styled as the anuvāka of terror and the beseeching for the destruction of sins which hinder the descent of God's grace. Rudra is prayed to turn away his fierce appearance and to keep his followers' weapons at bay. Having been pacified, Rudra is requested to destroy the sins of those for whom it is being chanted. The first anuvāka is chanted to destroy all sins, obtain leadership and divine benevolence, protection from famine, freedom from fear, obtain food, and protect cows, for absence from untimely fear of death, of tigers, thieves, from monsters, devils, demons. It is also chanted as a shield (Kavacha) for virulent fever, to cure diseases, fetal disorders, absolution from evils stars and bad karma, for the fulfillment of one's desires, sumptuous rainfall, family protection, blessings with good children, fulfillment of all material desires and the destruction of enemies.					1 Bahula Śaṣṭī: 20:04 Chitta: 29:15 RāhuK: 11:04-12:21 Var: 13:34-15:08 Dur: 09:15-09:56 & 12:42-13:23 Sunrise: 07:11 Sunset: 17:31 Excellent: Sunrise to midnight Average: -----	2 Bahula Saptamī: 18:44 Swāti: 28:26 RāhuK: 09:46-11:03 Var: 10:40-12:13 Dur: 07:10-08:33 Sunrise: 07:10 Sunset: 17:32 Excellent: 9am to 6:30pm Average: -----

Rudra is the Lord not only of the pleasant and praiseworthy things like the sun, the moon and the stars, the green trees and the grassy earth, but of the shocking and the terrible as well. He is the in-dweller of every being. He is the Self of all, whatever shape or form exists, He too exists in that shape and form. In this context, we who are unenlightened have stolen the immortal status of the Self and replaced it with our own limited conception of ego. And in turn, it is Rudra who will come and steal our ignorance from us, restoring us to our natural status of enlightenment. This anuvāka is chanted for the cure of diseases.

It declares that God's real nature is Omkara, the sacred symbol om which represents God, and which is the surest means for attaining Him. Verse 11 proclaims: नमः शिवाय च शिवतराय च । namaḥ śivāya cha śivatarāya cha । Meaning: Salutations unto Śiva the auspicious one, unto Śivatarā the one than whom none more auspicious can exist. Thus it contains the two of the great mantras; Śiva Pañcakṣari (5 lettered) mantra namaḥ śivāya and Ekadasa (11 lettered) mantra namaḥ śivāya ca śivatarāya ca. This is the sum and substance of all Upaniṣads, the great mahāmantra, the central gem of the Rudropiṣad. The rest of the eight anuvāka salute Rudra as residing in secret places and holy rivers and their banks and that it is He who is the means for destroying all sins and crossing the ocean of birth and death. This anuvāka is chanted for the destruction of enemies and possession of ones own kingdom (lands).

Significance of Śrī Rudram - Meaning of Anuvāka 10: The tenth anuvāka repeats the same ideas, words and phrases of the first anuvāka, but this time with a great difference. The earlier was in sheer terror, but this one is with assurance, for Rudra and his Gaṇas have been beheld and understood for what they are. Rudra is thus prayed to shed his fury and shower his benevolence by displaying his bow without arrows and to gracefully appear with his tiger skin on his body with pleasing countenance ready to shower boons upon his devotees. This anuvāka is chanted for possession of wealth, cure of diseases, removal of fear, getting rid of the enmity of powerful people, absence of fear from all living beings, having the vision of Bhairava (Śiva in most fearful aspect), absence from dangers and fears, blessings and the absolution of sins. उग्रं वीरं महाविष्णुं ज्वलन्तं सर्वतो मुखम् ॥ नृसिंहं भीषणं भद्रं मृत्योर्मृत्युर्नमाम्यहम् ॥					1 Bahula Trayodaśī: 09:04 Hasta: 12:34 RāhuK: 11:31-12:50 Var: 20:19-21:52 Dur: 09:40-10:23 & 13:12-13:54 Sunrise: 07:33 Sunset: 18:07 Excellent: Sunrise to 9am Average: -----	2  Naraka Chaturdashi Dīpāvalī Puja Āśvayuja Ends Bahula Chaturdaśī: 07:43 & Amāvāsyā: 28:49 Chitta: 11:49 RāhuK: 10:12-11:31 Var: 17:07-18:38 Dur: 07:34-08:59 Sunrise: 07:34 Sunset: 18:06 Excellent: ----- Average: -----

The Story of Lord Śrī Satyanārāyana Swāmy Vratam

Long time ago, Sūta Maharaṣi narrated the Satyanārāyana katha (epic) to other rishis. He narrates 5 adhdyāyas or chapters and they go as follows...

Chapter 1

“Once, Nārada Maharaṣi prayed to Lord Viṣṇu, beseeching him to show a way to the humanity, to overcome its suffering. Lord Viṣṇu said humankind can mitigate its sorrow and sufferings by performing Satyanārāyana Pūja. Performing this vrata would bring happiness & peace of mind, wealth and attain salvation. It can be performed on any full moon day or any convenient day. The family that plans to perform the vrata must gather friends & relatives. The pūja has to be done with utmost devotion and sincerity and by offering fruits, ghee, milk, yogurt, butter, wheat flour, and honey to the Lord Satyanārāyana Swāmy. After the pūja, he must read/listen to the katha of Satyanārāyana Swāmy and distribute prasādam to all near and dear. Such a pūja will fulfill one's wishes. Particularly in kaliyuga, this pūja will bring containment”.

Chapter 2

“Once upon a time a virtuous but a very poor man used to wander in Kāśi. Lord Viṣṇu, in the guise of an old man appeared before the poor man and asked him why he was roaming aimlessly. The poor man said to the old man, “Sir, I’m a mendicant. Show me a way out of my poverty.” The Lord told him to perform Satyanārāyana pūja and disappeared. The next day the mendicant went around the village and asked for alms. He bought provisions from the money earned from alms and performed the pūja in the company of friends and relatives. By the grace of Lord his poverty was wiped out, and he lived with content. From then onwards, he did the pūja on every full moon day and finally attained mokṣa”. Maharṣi Sūta continued, “One day, when the man from Kāśi was doing the pūja, a wood cutter learned about it. The delighted wood cutter also performed the pūja himself and became enormously rich and was eventually eligible to attain mokṣa”.

Chapter 3

“King Ulkāmkha was wise and kind but had no children. Once, he and his pious wife were performing the pūja on the banks of river Bhadrāśeela, praying for a child. There came a merchant named Sādhu. Learning the benefits of the vratam from the king, Sādhu along with his wife Līlāvati also prayed for child and vowed to perform the vrata when a child is born. Subsequently the merchant couple gave birth to a baby girl, whom they named Kalāvati. Years rolled by and Kalāvati was married to a young merchant. Sādhu forgot all about his promise to do the pūja, and was cursed. One day Sādhu went to trade at Ratnāpur, ruled by king Chandra Ketu. Some robbers looted the king's treasury, and while escaping the soldiers, threw the stolen things near Sādhu and his son-in-law. The soldiers accused Sādhu and his son-in-law and the king Chandra Ketu locked them up

in a prison. Their pleas fell on deaf ears due the curse. Meanwhile, Līlāvati lost everything when some other thieves robbed her house. Time passed, in search of food, Kalāvati stopped at a house where Satyanārāyana pūja was being done. She ate the prasāda, and told her mother about it. Re-collecting the vow that Sādhū and Līlāvati made to perform the vratam, Līlāvati performed the puja on the very next day. That night Lord Satyanārāyana came in the King's dream, and ordered the release of Sādhū. The king sent off Sādhū and his son-in-law with valuable gifts”.

Chapter 4

“Sādhū and his son-in-law loaded their gifts in a boat and set sail homeward. But the Lord Satyadeva wanted to test their faith further. He appeared in front of them in the guise of a Sanyāsi and asked what they had in their boat. Sādhū lied, saying it was full of leaves and plants. To their horror, the valuables turned to worthless leaves and plants. The two ran to the "Sanyāsi" and begged forgiveness. The Lord gave back their wealth and disappeared. At that time Līlāvati and Kalāvati were performing the pūja. In a rush to meet her homecoming husband, Kalāvati forgot to take the prasāda. This caused the boat and her husband to drown. Kalāvati cried bitterly. Sādhū knew this was the līlā of the Lord and prayed tearfully. The Lord relented, and asked Kalāvati to partake of the prasāda. She had prasāda and immediately she found her husband and his boat. The merchant family performed the Satyanārāyana pūja every full moon day then onwards. They lived with content and reached salvation eventually”.

Chapter 5

Maharṣi Sūta continued... “After a day of hunting, king Tungadhawaja saw some cowherds performing Satyanārāyana Pūja. The King arrogantly refused the prasādam offered to him by cowherds. Immediately, he heard from his servants that his kingdom and family have been confiscated. He instantly realized and ran back to the cowherds, requested them to perform Lord’s pūja again and they altogether did the pūja, took the prasādam and went back home. After that he learned that the earlier news did not belong to him and was intended for someone else. The king regained everything he lost, and with continuous prayer and with penance, he finally reached salvation.” Maharṣi Sūta said "This account was first narrated by Lord Viṣṇu to Nārada. By observing this Vratam, humankind can obtain salvation. In Kaliyuga, observing this vratam will lead to fulfilment of all wishes."

Lord Viṣṇu has incarnated in many forms, like Śrī Rama, Śrī Krishna, Lord Venkateśwara and more. In Kaliyuga, any pūja performed to Lord Viṣṇu reaches to none other than Lord Satyanārāyana Swāmy himself.
