It is always advised to consult your family priest or astrologer or the VEDA temple for muhūrthas for above and important samskāras like weddings, upanayanam, sīmantam, gruha pravesam etc. Since rāhukālam is not counted as a dosha in astrology, it is not considered for calculating auspicious times in this calendar. It is advised to observe rāhukālam, varjyam and durmuhūrtam for the watchful.

Pañchāṅga (Almanac) Calendar – 2020

Panchāṅgam: Panchāṅgam provides five basic elements of astrology, *Tithi* (lunar day or time taken by moon to move 12 degrees), *vaara* (a day from sunrise to sunrise), Nakshatra (the Zodiac constellation in which the moon is found on particular day), *yoga* (half-day) and *karana* (angle between sun & moon). These are the main aspects calculated according to the Solar, Lunar and the Earth positions. These five elements play an important role in calculating the muhurthas (auspicious days) for any Hindu rituals. There are *three* prevalent methods of calculation for Panchāṅgam used in different parts of India. *Souramanam* (Solar calendar - prevalent in Kerala and Tamilnadu), *Chandramanam* (lunar Calendar - prevalent in Andhra, Karnataka, Maharashtra, and other states of North India), *Baarhaspatyamaana* (Jupiterian calendar -which is said to be prevalent in North India).

Panchāṅgam in India and US: The lunar movements calculate Tithi and Nakshatra, the main angas of Panchāṅgam. When one Tithi or Nakshatram begins and ends, it happens at the same instance all over the world, which is called the *Universal time*. Based on the time zones, the Tithi and Nakshatram will begin/end at different local timings in different parts of the world. Since India has a little variation in terms of sunrise/sunset, Panchāṅgam computed for one area of the country is generally applicable to the other parts of the country as well. But when it comes to other parts of the world, same universal time should be translated into the corresponding local time in terms of the longitude and latitude. As North America's PST is 13 ½ hours past Indian Standard Time, it is not appropriate to use the calendar, prepared for Indian local time. Keeping these aspects in mind, our astrologers and scholars prepared Panchāṅgam calculated for our local time, i.e. PST & PDT. In the current Calendar we have put all efforts to provide as many details as possible. For further details like Muhurthas, please consult our scholars, personally or through email. Daily use of this calendar helps everyone to understand and monitor the prevailing planetary forces of the day. Accuracy of the above mentioned Panchāṅgam attributes depending upon Moon's motion are more crucial for the reliability of Panchāṅgam. Because Moon is the fastest among all the heavenly entities shown in traditional Panchāṅgas, Tithi, Nakshatra, Rasi, Yoga, and Karana depend on Moon's motion. There are three popular meanings of the term Panchāṅgam. Vedic astrology meaning is "five attributes" of the day. The five attributes are:

Tithi: Ending Moment (EM) of elongation of the Moon, the lunar day, the angular relationship between Sun and Moon (True Moon minus True Sun). One Tithi equals 12 degree difference between Moon and Sun.

Nakshatra: EM of asterism of the day, that is, the stellar mansion in which Moon is located for an observer on Earth. One Nakshatra equals 13 degrees: 20 minutes. There are 27 Nakshatra in 360 degrees.

Rasi: The zodiac signs or rasi - EM of the sidereal sign of the zodiac for the Moon.

Tithi: The tithi is the longitude of the Moon minus that of the Sun. First tithi (Prathama) begins when tithi is 0° and ends when it is 12°; 12° to 24° is dvitiya, 24° to 36° is Tritiya etc. 168° to 180° is Poornima, 180° to 192° is Dark fortnight Prathama 192° to 204° is Dvitiya etc. 348° to 360° is Amāvāsyā. So, there are 30 tithis -15 are called Suddha (Shukla) Paksha (Bright fortnight or waxing phase) the other 15 Bahula (Krishna) Paksha (Dark fortnight or waning phase). The tithi of a day is usually taken to be the tithi current at sunrise on that day. Since the moment of the sunrise is not the same at all places it is to be noted that occasionally a tithi current at sunrise at one place may not be current at sunrise at another place. It is also possible for a particular tithi to be current at sunrise on two successive days. So when two successive days have the same tithi associated with them, the 1st day is called Tridina. It is also likely that a tithi may begin after sunrise and end before the next sunrise. In such a case a tithi is skipped over and that day is called AVAMA. The concept of good timing is provided by this calendar and one can take advantage of auspicious moments by avoiding when the creative forces of this planetary system are on the wane.

Note on the Tithi and Nakshatra ending times:

If a tithi or a nakshatram ends before sunrise on a particular day, then it is shown in the calendar with 24 hour format with previous day's time. For example, if a tithi ending time is 6:15am and the sunrise on that day is at 6:45am, then it is shown as 30:15 in the calendar.

A Message from the Founder, Chairman and Chief Priest of VEDA

I wish a healthy, prosperous, and happy New Year 2020 to all my dear and near devotees of VEDA, in the bay area, and rest of the country. With the grace of Almighty Lord Sri Satyanarayana Swamy, our VEDA temple has become a Punya Kshetram in Melpeetha Nagaram. I wish that this calendar year 2020 will inspire everyone in the world to be more intellectual and intuitive.

2019 was a very prosperous year for VEDA as we performed Maha Kumbhabhishekam with support from devotees, humble donors, volunteers, and temple executive committee and VEDA board members. The Kumbhabhishekam event in 2019 was a great success with many devotees attending the event from various places in the USA, including East Coast, Midwest, and LA. We are so fortunate that the devotees participated in the event with so much dedication in a selfless manner. Without their help and coordination, this event would not have been possible. We request the devotees to provide similar support in the future by donating based on their affordability so that we can take the temple to the next level for Dwaja Sthambha Pratishta, which our next goal for the temple. New volunteers are always welcome and needed to support the temple growth. We recently started a teenage youth committee for ages between 13-20, which is named VEDA Yours.

The VEDA General membership program that we introduced four years ago was very successful with several active members. I request more devotees to register with the VEDA membership program. The details of this program and its benefits can be enquired at the temple. I offer my humble gratitude to all of the previous members who helped the VEDA temple to run smoothly and grow.

Current VEDA priests Jagadish Sharma, Nagendra Sharma, Mruthyunjaya Sharma, Subrahmanyam Sarma, Manoj Kumar Sarma, Garimella Avadhani Garu and three new priests Hari Sri Krishna Sarma, Naishakam Kartikeya Sharma, Pramod Kumar Sharma, and Pavan Kumar Sharma (pachaka) are instrumental to temple's success and growth. The priests play an essential role in making the events and festivals at the temple successful with their commitment, knowledge, teamwork, and meticulous attention to details. To fulfill additional demand for services at the temple and outdoor priestly services, we added three new priests in 2019. Unfortunately, three other priests left from our VEDA temple during this time. All the priests at the temple, along with the help from VEDA volunteers, ensure that this year's Devi Navratri program was fantastic with great alankarams and activities, under the guidance of alankara shikhara and VEDA senior priest Jagadish Sharma Kodamanchili.

The support from the VEDA Community and blessings from Lord Sri Satyanarayana Swamy will always be there to the local artists and cultural organizations. Over the past few years, the temple has become a key platform for Indian dance performances, singing, language learning, instrumental, spiritual classes, yoga classes, meditation classes, and Veda classes.

VEDA Annual calendar provides vital and essential details like Tithi, Varam, Nakshatram, Varjyam, Rahukalam, Durmuhurtam, Eclipse timings, and star predictions required for us in our day to day personal needs, in a concise manner and for observing our daily rituals. Also, the calendar provides auspicious days and timings like excellent and average. It is always advised to consult your family priest or astrologer for muhurthas for important samskaras like weddings, upanayanam, seemantham, gruha pravesam, etc. My vision is still to provide such priest services to the devotees and community through VEDA, with the unique combination of Vedic chants and puja to make devotees happy, prosperous, and successful in life. I convey my heartfelt blessings to Dr. Srinivas Vadrevu and family, who helped me with the yearly calendar preparation with dedication.

I express my humble gratitude to the eminent and efficient president Sri Tadepalli Padmanabham garu, office bearers, and previous VEDA board members. Under his leadership, the temple has transformed significantly with essential milestones like the Kumbhabhishekam event. Also, hard work, commitment, and dedication shown by the Executive Committee and several new and existing volunteer members are instrumental in the tremendous growth of the temple. Recently, in November and December 2019, the VEDA election committee successfully conducted board elections. The new VEDA Board of directors will be active from Jan 1, 2020, for two years term. The next elections will be held in November 2021.

I pray to Lord Sri Satyanarayana Swamy to give blessings to all the VEDA Community.

A Humble Note from the VEDA President

Sri Gurubhyo Namah.

Dear all,

wishing you all a very happy new year. The past year 2019 was filled with many notable events. The topmost one is the successful completion of the long awaited Mahashikara kumbabhishekam in June. This 3-day event was celebrated more than a regular festival. Devotees thronged in the thousands. Donors poured in their might, priests conducting day long homams & many volunteer teams put in all their effort to make this event a grand success. Special mention goes to our Sastri Garu giving the current board the opportunity to execute this event and also timely blessings from Jagadguru Sri Sri Sri Bharati Theertha Swamiji of Sringeri. A visual delight of showering flowers from a helicopter took place during the event, sponsored by a generous donor.

Similar to every year, the devotees are pouring in for every festival like siva ratri, Ugadi, Sri Rama Navami, Ganesha chaturthi, Devi navaratri and karthika maasam in increasing numbers. Every occasion is well handled by dedicated teams of volunteers who prepare floral decorations for the deities, food for the devotees and distribution and line management. This year we had over 500 couples who performed Sri satyanaryana Vratam in Karthika Masam alone. The executive team worked with me to ensure that the execution part of all the events are taken care. Special mention of Sri Satyanarayana Mahidasan and Sri Ananth Atmakuri has to be made who were making themselves accessible whenever I needed the most.

On the auspicious day of karthika purnima, we received a record donation of over 70k in a single day from our generous donors. This speaks of the devoted relationship of the devotees with the lord and the temple. I can't describe it in better words.

In 2019, the temple hired 3 new priests and an additional cook too (who is yet to join). This is to serve the needs of growing number of devotees. We also hired Stapathi Pitchaimani (religious artisan) to get the necessary portion of the temple shikaram completed on time for the Mahakumbabhishekam. He did a commendable job single-handed. We also got Sri Hari Sastry Garu to be our temple Office manager to help with many of the backoffice administrative tasks. There is a 10% growth in the number of registered devotees visiting the temple compared to last year. The number of new donors to the temple is also increasing. Most devotee facing processes are now streamlined, and I can proudly say that we have nearly eliminated long lines during busy events at the front desk. Most of the registrations for events are done online and there is still room for improvement in the process. We also got additional parking secured which is 10-minute walk from the temple.

In 2019 we had visits to temple by many prominent people like Sri Ganapathi Sacchidananda swamiji, Sri Courtallam Swamiji, Sri Vadiparthi Padmakar Garu, Sri Shanmukha Sarma Garu, and many South Indian and North Indian musicians and artists. Every evening of Ganesh Navaratri and Devi Navaratri was also filled with a cultural event with prominent artists or students performing at the temple as a sangeeta or Natya Seva.

As my 2-year term as a president comes to an end, I welcome the new president and will work closely with him to ensure smooth transition and be available to support the future activities of the temple. The activity of completing the outer prakaram of the temple, installing doors for the deities, installing dwaja Sthambam, shelters for the navagrahas, full commercial kitchen upgrade, getting permanent parking structures and improving the adjacent building are all the major activities being handed to the next team to deliver. On this front, I will extend my full support to help them execute the same.

My sincere thanks to Sri Subramanya Dixit Garu who inducted me into the temple committee in 2008. Over 11 years of my life spent very fulfilling in the service of Swami Varu. I am also fortunate to have Brahmasri Marepalli venkata sastri Garu for guiding me throughout this entire journey treating me in the lines of guru-sishya parampara. My penultimate thanks go to my wife and children, who have let me serve the temple and also joined me in many occasions in this seva. The final thanks and perpetual indebtedness to my parents.

IMPORTANCE OF ANNADANAM

गजतुरग सहस्रं गोकुलं भूमिदानम्
 कनकरजत पात्रं मेदिनी सागरान्तम् ।
 उभयकुल पवित्रं कोटिकन्या प्रदानम्
 न भवति समतुल्यं अन्नदानः समानः ॥

Krishna Yajurvedam says,
 अन्नं न निन्द्यात् ।
 अन्नं बहु कुर्वीत ।
 अन्नं न परिचक्षीत ।
 अन्नं प्राणमपानमाहुः ।

ANNADANAM is a sacred activity. In Hinduism, there is no better puja and ritual than feeding hungry living beings. **ANNADANAM** is **MAHADANAM** i.e. the greatest donation in Hindu religion and is an essential part of Sanatana Dharma tradition. There are numerous stories in Hindu scriptures that extol the glory of Annadanam – prominent being Goddess Parvati appearing as Goddess Annapurnaeshwari and feeding Shiva.

ANNAM PARA BRAHMA SWARUPAM - Food supports the body to attain Dharma, Artha, Kama and Moksha. Donors of Annadanam are considered as donors of Pranadanam. The person, who participates in this sacred Annadanam, will be blessed by divine Gods. It is said that glory, strength and fame will be acquired in Trilokas by Annadanam. The donor of Annadanam will get first entry in the heaven. Annadanam is performed for redemption of sins, to attain piety and to get speedy recovery from illness. The glory of family and holiness of a temple increases with each Annadanam. Annadanam can be performed on any auspicious occasions such as festivals, weekly abhishekams, in memory of your beloved ones or in celebration of your beloved ones.

Please avail the opportunity to perform Annadanam at your Sri Satyanarayana Swami Temple.

Details of Annadanam:

- During regular days (Laghu Prasadam) - \$151 (may have multiple sponsors)
- During special occasions
 - More than 500 people - \$1116 (one or two grand sponsors)
 - Below 500 people - \$501 (one or two grand sponsors)

Please register with the front desk or calling the temple at 408-971-7852/408-340-1744 or sending an email to pujaservices@siliconvalleytemple.net.

If the match between the bride's star and the groom's star yields a number greater than or equal to 18, then that match is considered to be auspicious.

Śārvārī Nāma Saṁvatsara Nakṣatra Chakram:

Each number represents 4 months (three numbers comprise the whole year). Zero implies unhappiness for that period of four months.

If the total sum is odd, then the year will yield some happiness. If the total is even, that would imply average results in that year.
