This calendar provides auspicious times for various activities like starting business, buying various things, joining new jobs, matrimonial, births, closing deals and various day to day activities. It is always advised to consult your family priest or astrologer or the VEDA temple for muhūrthas for above and important samskāras like weddings, upanayanam, sīmantam, gruha pravesam etc. Since rāhukālam is not counted as a dosha in astrology, it is not considered for calculating auspicious times in this calendar. It is advised to observe rāhukālam, varjyam and durmuhūrtam for the watchful.

Pañchāñga (Almanac) Calendar – 2017

Panchāngam: Panchāngam provides five basic elements of astrology, *Tithi* (lunar day or time taken by moon to move 12 degrees), *vaara* (a day from sunrise to sunrise), Nakshtra (the Zodiac constellation in which the moon is found on particular day), *yoga* (half-day) and *karana* (angle between sun & moon). These are the main aspects calculated according to the Solar, Lunar and the Earth positions. These five elements play an important role in calculating the muhurthas (auspicious days) for any Hindu rituals. There are *three* prevalent methods of calculation for Panchāngam used in different parts of India. *Souramanam* (Solar calendar - prevalent in Kerala and Tamilnadu), *Chandramanam* (lunar Calendar - prevalent in Andhra, Karnataka, Maharashtra, and other states of North India), *Baarhaspatyamaana* (Jupiterian calendar -which is said to be prevalent in North India).

Panchāngam in India and US: The lunar movements calculate Tithi and Nakshtra, the main angas of Panchāngam. When one Tithi or Nakshatram begins and ends, it happens at the same instance all over the world, which is called the *Universal time*. Based on the time zones, the Tithi and Nakshatram will begin/end at different local timings in different parts of the world. Since India has a little variation in terms of sunrise/sunset, Panchāngam computed for one area of the country is generally applicable to the other parts of the country as well. But when it comes to other parts of the world, same universal time should be translated into the corresponding local time in terms of the longitude and latitude. As North America's PST is 13 ½ hours past Indian Standard Time, it is not appropriate to use the calendar, prepared for Indian local time. Keeping these aspects in mind, our astrologers and scholars prepared Panchāngam calculated for our local time, i.e. PST & PDT. In the current Calendar we have put all efforts to provide as many details as possible. For further details like Muhurthas, please consult our scholars, personally or through email. Daily use of this calendar helps everyone to understand and monitor the prevailing planetary forces of the day. Accuracy of the above mentioned Panchāngam attributes depending upon Moon's motion are more crucial for the reliability of Panchāngam. Because Moon is the fastest among all the heavenly entities shown in traditional Panchāngas, Tithi, Nakshatra, Rasi, Yoga, and Karana depend on Moon's motion. There are three popular meanings of the term Panchāngam. Vedic astrology meaning is "five attributes" of the day. The five attributes are:

Tithi: Ending Moment (EM) of elongation of the Moon, the lunar day, the angular relationship between Sun and Moon (True Moon minus True Sun). One Tithi equals 12 degree difference between Moon and Sun.

Nakshatra: EM of asterism of the day, that is, the stellar mansion in which Moon is located for an observer on Earth. One Nakshatra equals 13 degrees: 20 minutes. There are 27 Nakshatra in 360 degrees.

Rasi: The zodiac signs or rasi - EM of the sidereal sign of the zodiac for the Moon.

Tithi: The tithi is the longitude of the Moon minus that of the Sun. First tithi (Prathama) begins when tithi is 0° and ends when it is 12°; 12° to 24° is dvitiya, 24° to 36° is Tritiya etc. 168° to 180° is Poornima, 180° to 192° is Dark fortnight Prathama 192° to 204° is Dvitiya.etc. 348° to 360° is Amãvãsya. So, there are 30 tithis -15 are called Suddha (Shukla) Paksha (Bright fortnight or waxing phase) the other 15 Bahula (Krishna) Paksha (Dark fortnight or waning phase). The tithi of a day is usually taken to be the tithi current at sunrise on that day. Since the moment of the sunrise is not the same at all places it is to be noted that occasionally a tithi current at sunrise at one place may not be current at sunrise at another place. It is also possible for a particular tithi to be current at sunrise on two successive days. So when two successive days have the same tithi associated with them, the 1st day is called Tridina. It is also likely that a tithi may begin after sunrise and end before the next sunrise. In such a case a tithi is skipped over and that day is called AVAMA. The concept of good timing is provided by this calendar and one can take advantage of auspicious moments by avoiding when the creative forces of this planetary system are on the wane.

Note on the Tithi and Nakshatra ending times:
If a tithi or a nakshatram ends before sunrise on a particular day, then it is shown in the calendar with 24 hour format with previous day's time. For example, if a tithi ending time is 6:15am and the sunrise on that day is at 6:45am, then it is shown as 30:15 in the calendar.

A Message from the Founder, Chairman and Chief Priest of VEDA

I am very happy to wish a healthy, prosperous and happy New Year 2017 to all my dear and near devotees of VEDA, in the bay area and rest of the country, with the grace of Almighty Lord Sri Satyanarayana Swamy and blessings from deities at the VEDA temple in Melpeetha Nagaram, which became a Punya Kshetram in Milpitas, CA.

2016 was a great year for the temple, with the devotees from nationwide coming forward to participate in the temple activities with great devotion. In 2016, with God's grace and the support from VEDA committee and board members and donors, we could achieve all that we planned and promised in last year. We conducted Kumbhabhishekam for all inner Sikharams at the temple as part of the second phase of the temple construction, which was a great success. We purchased the adjacent building to the VEDA temple. In addition, to fulfill the additional demand for indoor and outdoor priestly services, we added a new Priest who joined us in November.

An important goal for 2017 is to build Maha Shikharam for Lord Sri Satyanarayana Swamy. Our wish is for the devotees to be able to see the Maha Shikharam visible from the nearby freeways, which will protrude up to approximately 20 feet on the top of the ceiling. Our puranas say "शिखरदर्शनं चिन्तनाशनम्" - watching the shikharam relieves the devotees of worries. With God's grace, we got all the required permits from the city of Milpitas for further construction. In addition, we have a very good plan in 2017 to fulfill devotees' wishes and to remove doshas in their horoscopes, to bring Dhruva Navagrahas (each planet will have 18" black stone, along with their wife and vahanam) into the temple, also 3 feet naga devatha with dual forehead. We will have Prana Prathishta for all the new vigrahas in 2017. The current VEDA board also decided to introduce a new membership program to support the temple on a yearly renewal basis. For more details of the membership program, please see the temple web site.

Lord Sri Satyanarayana Swamy's blessings will always be there with the local artists and various local organizations, as the temple became a great platform for local arts, like dancing, singing, language learning, spiritual classes, yoga classes, meditation classes, and Veda classes from several years. Current VEDA priests Jagadish Sharma, Nagendra Sharma, Sivarama Sharma, Mruthyunjaya Sharma, Phani Raja Kumar, Subrahmanya Sarma, Manoj Kumar Sarma and Pavan Kumar Sharma, who made the major functions at the temple successful with their hard work are instrumental in temple's success. We are planning to bring two more priests to the temple. I express my humble gratitude to the current president Sri Mandadi Venkata Reddy, office bearers and current VEDA board, who are helping the temple to run smoothly. Hard work, commitment and dedication shown by several new and existing volunteers and the executive committee members are instrumental in the tremendous growth of the temple. I also convey my heartfelt blessings to Dr. Srinivas Vadrevu and family, who helped with the calendar preparation with dedication. I pray to Lord Sri Satyanarayana Swamy to provide blessings to all the above.

While thanking all the devotees for their unwavering effort and support extended so far for this noble cause, we also request all devotees to provide similar support in future by donating generously so that we can take the temple to the next stage such as Maha Shikharam construction. Year by year, we are seeing increasing number of devotees at the temple, which is a great sign of prosperity of the temple. My humble request to daily devotees is to help spread the word and propagate our dharma. This calendar provides vital and important details like Tithi, Varam, Nakshatram, Varjyam, Rahukalam, Durmuhurtam, Eclipse timings and star predictions brief information required for us in our daily life and for observing our rituals. In addition, we also provided auspicious days and timings like excellent and average. It is always advised to consult your family priest or astrologer for muhūrthas for important samskāras like weddings, upanayanam, sīmantam, gruha pravesam, etc. My ambition is always to provide such priestly services to the devotees, on behalf of VEDA, with the unique combination of vedic chants and puja services to make you happy and become prosperous and successful in life.

A Humble Note from the VEDA President

We entered the new year 2016 with great energy and devotion to accomplish many temple developmental activities planned in the new year. New year started with good note of large number of devotees visiting temple on New year day. With the completion of inner Sikharams construction, we started the preparations for the Kumbhaabhishekam event. We received the Kalashams for the 7 shrines ahead of time from India. Kumbhaabhishekam fliers are prepared and distributed for the event on Feb 18,19, 20 '2016 and preparations were in full swing at temple for flower decorations, food planning and completing construction activities. There was lot of enthusiasm and support from all devotees who had sponsored the Kumbabhishekam event and their volunteer time. Three-day event went very well under the guidance of Brahmasri Sri Naga Venkata Sastri garu and well attended by the VEDA devotees, and completed the installation of the Kalashams on each inner sikharam. This has been accomplished with lot of support from VEDA Board, Executive committee and large number of volunteers to cater to the devotees attended over the 3 days.

After this event, focus has been turned towards the escrow closure of the adjacent building purchase on March 18th. With divine guidance and blessings of the temple lords, the funds required towards down payment are generated and bank has arranged the loan amount to close the purchase transaction successfully. This is an important mile stone of VEDA Temple expansion to provide services to community in the Bay area. Along with the new purchase, we had refinanced the existing temple building loan by 31st December 2016. Once we settled down with the purchase of the new building, I am fortunate to have office bearers well supportive of the new initiatives, helping in completing challenging tasks over the 9 months to get two loans approved by the lenders, managing operations and finance activities.

VEDA holds several major Indian festivals every year starting with MahaShiva Ratri in Feb, Ugadi in Mar, Sri Rama Navami in Apr, Shravana masam Varalakshmi vratham in Aug, Krishnastami, Ganesh chaturthi celebrations in September, Devi Navratri in Oct and Karthika Masam in Nov. We see a year over year increase of devotees attending all festivals. Again, in the month of April 2016, a tour of Vijayawada Durga Ammavaru was planned to visit USA and they have contacted VEDA and our temple is the first place for hosting Ammavaru visit to USA. We had arranged the Kumkumarchana poojalu in April 23,24 with accompanying priests from Vijayawada Kanaka Durga temple performing the pujas. Many devotees have attended and took the blessings of Ammavaru. Thanks to our priests and flower team who had provided support to daily Ammavaru alankarams.

Once we are in September month, we stared the planning for Ganapathi Navaratri Celebrations and this year VEDA had installed Laxmi Ganapathi idol. This has been decorated well with colors and had imposing size and décor in the main temple hall. Navaratri celebrations culminated with the bus trip SFO to immerse the idols in the Pacific Ocean, an annual event of VEDA. Devi Navaratri celebrations started from October 1st and daily Devi Alankarams and different decorations are done by our priests. As every year, large number of devotee attended the daily programs and saw an increased program sponsorships. Celebrations culminated with Vijaya Dasami on Oct 11, a day we also did the Bhoomi pooja for Maha Sikharam construction. Month long Karthika Maasa Programs are performed by Brahma Sri Naga Venkata Sastri garu with great devotion and new authentic alankarams by the priests.

We continued to make deities Abharnams and many items have been completed during this year. I express my sincere thanks to the Priest Jagdeesh Sharma K garu for his continuous support in making clay castings and to Sri Krishna Kumar Pillalamarri garu for his design thoughts and untiring effort and time in coordinating with achari (ornament maker) in India. In an energy saving effort, we had utilized the discounted sale of industrial LED lights and replaced all the lights in the temple with new LED Lights.

I thank all the priests for their continued dedication and efforts to VEDA, providing services to the community in Bay Area and beyond. Another important area is kitchen, I express my sincere gratitude to cooking priests and kitchen volunteers who have supported VEDA in preparing MahaPrasadam throughout the day and all through temple festivals. Once again, I wish to thank all the volunteers in food preparation, service, flowers and sarees for their energy and time to provide better services to devotees and being part of the VEDA growth.

By grace of God, I was able to put my best efforts and time to manage and coordinate the temple operations with unstinted support from my wife Anita Mandadi and my kids. Anita was able to provide her time in the arranging flowers / making garlands for the deities working with team of kind volunteers, saree sponsorships activities since June 2015.

Wishing you all a very happy and prosperous new year 2017, we welcome new year with a very important news for VEDA devotees that we have received the final construction approval for the Sri Satyanarayana Swamy Maha Sikharam on Dec 9th 2016. As we prepare to embark on major construction (36ft height Outer Maha Sikharam), request the devotees for generous support once again in completing the task.

IMPORTANCE OF ANNADANAM

गजतुरग सहस्रं गोकुलं भूमिदानम्
कनकरजत पात्रं मेदिनी सागरान्तम्।
उभयकुल पवित्रं कोटिकन्या प्रदानम्
न भवति समतुल्यं अन्नदानः समानः ॥

Krishna Yajurvedam says,

अन्नं न निन्द्यात्।
अन्नं बहु कुर्वीत।
अन्नं न परिचक्षीत।
अन्नं प्राणमपानमाहुः।

ANNADANAM is a sacred activity. In Hinduism, there is no better puja and ritual than feeding hungry living beings. ANNADANAM is MAHADANAM i.e. the greatest donation in Hindu religion and is an essential part of Sanatana Dharma tradition. There are numerous stories in Hindu scriptures that extol the glory of Annadanam – **prominent being Goddess Parvati appearing as Goddess** Annapurnaeshwari and feeding Shiva.

ANNAM PARA BRAHMA SWARUPAM - Food supports the body to attain Dharma, Artha, Kama and Moksha. Donors of Annadanam are considered as donors of Pranadanam. The person, who participates in this sacred Annadanam, will be blessed by divine Gods. It is said that glory, strength and fame will be acquired in Trilokas by Annadanam. The donor of Annadanam will get first entry in the heaven. Annadanam is performed for redemption of sins, to attain piety and to get speedy recovery from illness. The glory of family and holiness of a temple increases with each Annadanam. Annadanam can be performed on any auspicious occasions such as festivals, weekly abhishekhams, in memory of your beloved ones or in celebration of your beloved ones.

Please avail the opportunity to perform Annadanam at your Sri Satyanarayana Swami Temple.

Details of Annadanam:

- During regular days (Laghu Prasadam) - $151 (may have multiple sponsors)
- During special occasions
  - More than 500 people - $1116 (one or two grand sponsors)
  - Below 500 people - $501 (one or two grand sponsors)

Please register with the front desk or calling the temple at 408-971-7852/408-340-1744 or sending an email to pujaservices@siliconvalleytemple.net.

Who is a Hindu? What do Hindus believe in?

By Krishna Kumar Pillalamarri, Satyanarayana Swamy Devasthanam, Milpitas

1. Hinduism is the oldest religion in the world. It is more than 10,000 years old. It is called **Sanatana Dharma**.
2. A Hindu believes in a power which is above all else – indeed, which is the cause of everything in this universe, and other universes. – It is called '**Brahmam'**, or '**Para Brahmam'** or **'Sat'**, **'Chit'**, **'Ananda'**.
3. This **Parabrahmam** is '**Immanent'**, i.e., it is not only transcendental, but is everywhere in all living and non-living things, and indeed in every atom of every universe. In other words, **Brahmam** is in you and me as well. Hindus distinguish the **Brahmam** in themselves as '**Jeevatma'**, and the **Immanent Brahmam** as '**Paramatma'**. So the atma and Brahmam are a continuum.
4. **Vedas** are the fount of all knowledge. There are many scriptures, including **Upanishads**, **Puranas**, **Sastras**, etc. Hinduism has no conflict with science, unlike other religions.
5. What you see and feel with your senses in this universe (indeed all other universes as well) is '**Prakruti'**, which is the obverse of **Brahmam**, while being part of **Brahmam**. These two are indivisible.
6. Each person can imagine **Brahmam** in any shape or form for worship. In other words, the entire universe is a manifestation of the same **Brahmam**.
7. This **Paramatma** or **Brahmam** can be imagined as a Male or Female. In female form, we pray to it as '**Shakti'**. For Hindus, **Brahmam** is not just a male. All living and non-living things are extensions of the same **Brahmam**, to the last electron. He/she is beyond our sensory world.
8. A Hindu believes that we can visualize **Paramatma** in '**Murti'** form. We can also visualize the **Paramatma** in '**Mantra'** form. So we pray in temples to **Murtis** (or **Vigrahas)** with **Mantras**.
9. A Hindu believes that the goal of life is to attain **Moksha**, or the unity of **Jeevatma** with **Paramatma**. **Vedas, Upanishads, Puranas** and **Bhagavad Gita** define our behavior.
10. A Hindu believes in the **Karma theory**, and in **Reincarnation**. Accountability belongs to only that **atma**, and not anyone else's. Every being, by virtue of its (his or her) action will accumulate '**good karma** or '**bad karma'**. The balance of these determines how and where the next life is going to be. **Karma** from previous life has an effect on this life, etc.
11. A Hindu believes the dictum, '**Maanava Seva** is **Maadhava Seva'**. Or service to the fellow beings is the same as prayer to **Paramatma,** since the same **Paramatma** is in you and your neighbor.
12. A Hindu does not need a centralized organization to tell him how he can reach God, or in our case, **Paramatma**. Every Hindu can reach **Paramatma** through his **'Anubhavam'** or experiential means. **Yoga, Bhakti, Jnana, Tantra, Meemamsa** – are all means to attain the same goal.
13. Absence of a centralized authority allows Hindus to see multiple paths to **Moksha**, or realization of **Paramatma**, which is the goal of life. All Murthys you see are symbolic representations of the same **Paramatma**. You can pray to the one you like or believe in as your **Ishta Devata**.
14. Contrary to the word 'Hindu' being derived from 'Sindhu', or Indus, the word actually derives from the Sanskrit Dhatuvu, **'हिम्'**, which means 'Calm', or '**Prashantata'**. According to Sri Marepalli Naga Venkata Sastry garu, the proof of this claim is from **Krishna Yajurvedam – Vaakya Grantha BraahmaNam – AswamEdha Prashna**, which goes as follows: **"हिम् करोति सामैवाकः । हिं करोति।"**
    "The people who are calm, present calmness to everyone else..." This is the origin of the word, 'Hindu'. Please keep this in mind, and get a sense of calmness for yourself following Vedic principles.
15. We hear several questions from the young and the adults alike on various aspects of Hindu practices. The prominent amongst them is wearing **"Bottu / Bindu",** also called **'Bindi'** in the north of India, on one's forehead.
    While there are yoga based reasons as to why both Males and Females need to wear **Bottu / Bindu**, the easiest to understand is that it is a symbol of Happiness. It informs everyone else of the welfare and happiness of the person wearing it; as well as their family. The absence of **Bottu / Bindu** is indicative of serious difficulty the person is going through, such as death of spouse. The color and shape of the **Bottu / Bindu** is usually determined by the type of **aaraadhana** one performs – Shaiva practitioners wear **Bhasma Pundram, Vishnavaites wear either gandha choornam or Urdhva Pundram**. Ladies wear **kumkuma**, or maroon colored **bindu** on forehead, as it is the **color of Lakshmi**. Soldiers, before going to war, wear kumkuma and Bhasma to indicate their valor as well as carrying Vijaya Lakshmi with them. Black color should not normally be used, as it is used only in special occasions, indicating **yajna** being done or **deeksha** having been taken.

Hemalamba Nāma Saṁvatsara Nakṣatra Chakram:

Each number represents 4 months (three numbers comprise the whole year). Zero implies unhappiness for that period of four months.
If the total sum is odd, then the year will yield some happiness.
If the total is even, that would imply average results in that year.
