This calendar provides auspicious times for various activities like starting business, buying various things, joining new jobs, matrimonial, births, closing deals and various day to day activities. It is always advised to consult your family priest or astrologer or the VEDA temple for muhūrthas for above and important samskāras like weddings, upanayanam, sīmantam, gruha pravesam etc. Since rāhukālam is not counted as a dosha in astrology, it is not considered for calculating auspicious times in this calendar. It is advised to observe rāhukālam, varjyam and durmuhūrtam for planning auspicious events.

Smt. Aruna Vempati

I wish you and your family health, prosperity, and a very happy New Year 2024. It is my honor to serve on the board of directors of Veda. Under the guidance of our Guruvu Marepalli Sastry Garu, our extremely talented priests are committed to providing the utmost spiritual experience through intoning mantras and hymns from the Vedas and Agamas. As devotees, we can feel the profound presence of God and the resonance of inner vibrations during puja at Veda, creating a sacred and spiritually enriching experience. Many devotees sense the presence of God in some way or form at Veda. I express my gratitude to Guruvu Garu and the board for entrusting me with the opportunity to serve as Flower Team Lead. We are very fortunate to have dedicated flower team volunteers who relentlessly craft garlands with utmost devotion and commitment. The highly dedicated volunteer community and financially strong devotee community make Veda a special place. Pañchāṅga (Almanac) Calendar – 2024

Panchāngam: Panchāngam provides five basic elements of astrology, *Tithi* (lunar day or time taken by the moon to move 12 degrees), *vaara* (a day from sunrise to sunrise), Nakshatra (the Zodiac constellation in which the moon is found from the particular day), *yoga* (half-day) and *karana* (angle between sun & moon). These are the main aspects calculated according to the Solar, Lunar, and Earth positions. These five elements play an important role in calculating the muhurthas (auspicious days) for any Hindu rituals. There are *three* prevalent methods of calculation for Panchāngam used in different parts of India. *Souramanam* (Solar calendar - prevalent in Kerala and Tamil Nādu), *Chandramanam* (Lunar Calendar - prevalent in Andhra, Karnataka, Maharashtra, and other states of North India), *Baarhaspatyamaana* (Jupiterian calendar -which is said to be prevalent in North India).

Panchāngam in India and US: The lunar movements calculate Tithi and Nakshatra, the main angas of Panchāngam. When one Tithi or Nakshatram begins and ends, it happens at the same instance all over the world, which is called *Universal time*. Based on the time zones, the Tithi and Nakshatram will begin/end at different local timings in different parts of the world. Since India has a little variation in terms of sunrise/sunset, Panchāngam computed for one area of the country is generally applicable to the other parts of the country as well. But when it comes to other parts of the world, the same universal time should be translated into the corresponding local time in terms of longitude and latitude. As North America's PST is 13 ½ hours past Indian Standard Time, it is not appropriate to use the calendar prepared for Indian local time. Keeping these aspects in mind, our astrologers and scholars prepared Panchāngam calculated for our local time, i.e., PST & PDT. In the current Calendar, we have put all efforts into providing as many details as possible. For further details like Muhurthas, please consult our scholars personally or through email. Daily use of this calendar helps everyone to understand and monitor the prevailing planetary forces of the day. Accuracy of the above-mentioned Panchāngam attributes depending upon the Moon's motion is more crucial for the reliability of Panchāngam. Because Moon is the fastest among all the heavenly entities shown in traditional Panchāngas, Tithi, Nakshatra, Rasi, Yoga, and Karana depend on Moon's motion. There are three popular meanings of the term Panchāngam. Vedic astrology meaning is "five attributes" of the day. The five attributes are:

Tithi: Ending Moment (EM) of elongation of the Moon, the lunar day, the angular relationship between Sun and Moon (True Moon minus True Sun). One Tithi equals 12 degree difference between Moon and Sun.

Nakshatra: EM of asterism of the day, that is, the stellar mansion in which Moon is located for an observer on Earth. One Nakshatra equals 13 degrees: 20 minutes. There are 27 Nakshatra in 360 degrees.

Rasi: The zodiac signs or rasi - EM of the sidereal sign of the zodiac for the Moon.

Tithi: The tithi is the longitude of the Moon minus that of the Sun. First tithi (Prathama) begins when tithi is 0° and ends when it is 12°; 12° to 24° is dvitiya, 24° to 36° is Tritiya etc. 168° to 180° is Poornima, 180° to 192° is Dark fortnight Prathama 192° to 204° is Dvitiya.etc. 348° to 360° is Amāvāsya. So, there are 30 tithis -15 are called Suddha (Shukla) Paksha (Bright fortnight or waxing phase) the other 15 Bahula (Krishna) Paksha (Dark fortnight or waning phase). The tithi of a day is usually taken to be the tithi current at sunrise on that day. Since the moment of the sunrise is not the same at all places it is to be noted that occasionally a tithi current at sunrise at one place may not be current at sunrise at another place. It is also possible for a particular tithi to be current at sunrise on two successive days. So when two successive days have the same tithi associated with them, the 1st day is called Tridina. It is also likely that a tithi may begin after sunrise and end before the next sunrise. In such a case a tithi is skipped over and that day is called AVAMA. The concept of good timing is provided by this calendar and one can take advantage of auspicious moments by avoiding when the creative forces of this planetary system are on the wane.

Note on the Tithi and Nakshatra ending times:

If a tithi or a nakshatra ends before sunrise on a particular day, then it is shown in the calendar with 24-hour format with previous day's time. For example, if a tithi ending time is 6:15am and the sunrise on that day is at 6:45am, then it is shown as 30:15 in the calendar.

A Message from the Founder, Chairman, and Chief Priest of VEDA

I extend my warmest wishes for a healthy, prosperous, and joyous New Year 2024 to all the dear devotees of VEDA in the Bay Area and around the world. With Swamy's grace, 2023 was a successful year with all temple operations returning to normal, and covid-19 behind us. The real estate and stock markets are expected to begin their recovery in April 2024, subsequently flourishing and achieving new heights. Employment opportunities are expected to increase after May 1, 2024. In mid-year 2024, from August to October, devotees with all Rashis are advised to travel with caution. I wish all devotees success.

Considerable development is underway to enhance the temple's environment. All four projects aimed at improving Ālaya Prāngana Saurabham are in progress, with some awaiting city approvals. The first, Maitri Vanam (Satyadeva Garden), was completed in 2023. We are also adding 20 Stambhas (traditional pillars) around the temple; this second project is ongoing. The construction of the Swarnamaya Hamsa Tulika Talpam (Golden Cradle) for Swami is underway in India that is likely to be installed this year, with \$275,000 already raised towards the \$500,000 goal. For the fourth project, we have successfully collected donations for 111 Silver Kalashas for Swami Abhishekam, which are being crafted in India. The Ūrdhva Bimbās (upper deities) for the inner sanctums, completed by Shilpi Picchayya Mani, are a testament to beauty.

This development is spearheaded by our current president, Sri Duvvuru Dayakar Reddy Garu, Vice President Kishore Kichili Garu, and the board members. I am truly grateful to the board and Executive Committee members, and especially to the VEDA temple members, for their generous donations. May Sri Satyadeva's blessings be upon them.

The VEDA General Membership program, launched eight years ago, has been a success with many active participants. I encourage more devotees to join the VEDA membership. I am deeply thankful to all past members for their support in the smooth operation and growth of the VEDA temple. In 2020, we initiated the VEDA Well-wishers Committee, which I envision will continue to support and uplift VEDA in the years to come.

Our ambition is to evolve the Vedic Education and Devotional Academy (VEDA) into a comprehensive university program for the community and interested students, with various departments. We've completed Chandi Saptasati and a 12-week astrology course, and recently commenced weekly Tuesday Sundara Kanda classes at 7:30 pm, a four-year course. Additionally, VEDA classes on various scriptures and teachings are ongoing for children. The Veda Bharati library, managed by Sri Devarakonda Srinivas Garu, is functioning well on our premises.

This year in 2023, we welcomed four priests and a cooking priest from India, bringing our total to twelve. With growing demand, we are considering hiring two more next year. I commend the dedication of our priests, led by Senior Priest Nagendra Sarma, and our Pachaka priests. Current VEDA priests Nagendra Sarma (RNP), Manoj Kumar Sarma (MMK), Hari Sri Krishna Sarma (SKS), Pramod Kumar Sarma (JPK), Yadavalli Pavan Kumar Sarma (YPK), Gundepudi Ravi Shankara Sarma (GRS), Gautama Sarma Kodamanchili (KGS), Praveen Sharma Shishtla (SPS), Ravi Naga Chandra Sarma Jammalamadaka (RNC), Ramacharyulu Achi (ARC) and Pachaka priests Kancherla Balakrishna Sarma, Balaji (KBK), Sagara Praveen Sarma (SPK), Guru Rajarao P (PGR), Radha Kandala (Front Office Manager), and our excellent Shilpi Picchayya Mani is instrumental to temple's success and growth. Their collective efforts made this year's Devi Navarātri program a splendid success, with beautiful decorations under the guidance of Nagendra Sharma and Hari Sri Krishna Sharma. I am also grateful to Ravi Krishna Koduri Garu for years of service during the Navaratri festivities, and to the artists who performed magnificently at our temple. Our cultural activities, hosting of eminent scholars, and the recent Bhagavata Saptaham by Dr. Medasani Mohan garu have all contributed to our community's spiritual growth. I convey my respect to Āsthana Kavita Ksheera Sāgara Paladugu Sricharan Garu for his dedication and excellent service, providing guidance to the temple. This year, he has performed Dvi Satavadhanam in Ubhaya Bhashas (Telugu and Sanskritam), a four-day event that unfolded like a festival in November 2024. We awarded the title Veda Asthana Avadhana Brahma to Paladugu Sricharan Garu.

The VEDA Annual Calendar offers essential details like Tithi, Vāram, Nakshatram, Varjyam, Rāhukalam, Durmūhurtam, Eclipse timings, auspicious days and times like excellent and average times, and star predictions required for our daily rituals and personal needs. I recommend consulting your family priest or astrologer for muhūrtas for significant ceremonies. We aim to continue providing such invaluable priestly services at VEDA, enriching lives with Vedic chants and rituals. I convey my heartfelt blessings to Dr. Srinivas Vadrevu and his family for their commitment to the calendar preparation.

I express my humble gratitude to the VEDA president Sri Dayakar Duvvuri Garu, Vice President Kishore Kichili Garu, Secretary Padmanabham Tadepalli Garu, Treasurer Ravinder Ghankota garu, Human Resources in-charge Ravi Koduru Garu, and the rest of the management team, in addition to the VEDA board members. I express gratitude to the VEDA executive team, Election Commissioner Rao Tallapragada garu, Bommakanti Venkat Garu, Smt. Pillamarri Shanta Kumari Garu. I welcome the new board members and new President to the Temple. The next board elections will be held in November 2025. The remarkable growth of the temple can be attributed to the hard work, commitment, and dedication of the Executive Committee, alongside numerous new and longstanding volunteers. This includes the efforts of the flower team, who diligently create beautiful garlands for the deities, and the kitchen volunteers, who assist with vital arrangements.

I pray that Lord Sri Satyanarayana Swamy showers blessings upon the VEDA Community.

ANNADANAM is a sacred activity. In Hinduism, there is no better puja and ritual than feeding hungry living beings. **ANNADANAM** is **MAHADANAM** i.e. the greatest donation in Hindu religion and is an essential part of Sanatana Dharma tradition. There are numerous stories in Hindu scriptures that extol the glory of Annadanam – prominent being Goddess Parvati appearing as Goddess Annapurneshwari and feeding Shiva.

ANNAM PARA BRAHMA SWARUPAM - Food supports the body to attain Dharma, Artha, Kama and Moksha. Donors of Annadanam are considered as donors of Pranadanam. The person, who participates in this sacred Annadanam, will be blessed by divine Gods. It is said that glory, strength and fame will be acquired in Trilokas by Annadanam. The donor of Annadanam will get first entry in the heaven. Annadanam is performed for redemption of sins, to attain piety and to get speedy recovery from illness. The glory of family and holiness of a temple increases with each Annadanam. Annadanam can be performed on any auspicious occasions such as festivals, weekly abhishekams, in memory of your beloved ones or in celebration of your beloved ones.

Please avail the opportunity to perform Annadanam at your Sri Satyanarayana Swami Temple.

Details of Annadanam:

- During regular days (Laghu Prasadam) - \$151 (may have multiple sponsors)
- During special occasions
 - More than 500 people - \$1116 (one or two grand sponsors)
 - Below 500 people - \$501 (one or two grand sponsors)
